Review Summary

- The school is a stimulating learning environment where students are well-behaved, respect their teachers and peers, and participate enthusiastically and confidently in its activities that enhance their experiences and talents.
- The school's leadership is aware of developmental priorities, possesses sharp planning and challenge-facing abilities, encourages staff to be creative, and communicates well with parents and local community.
- Staff performance is improved through targeted training programmes that enable them to employ highly productive teaching and learning strategies in most lessons contributing to students achieving excellent academic standards, especially in English and class teaching lessons.
- Many purposeful and regular remedial and enrichment programmes and projects are offered, which have contributed to the progress of all students. Moreover, excellent academic support programmes are provided to nonnative speakers of Arabic.
- Distinctive educational practices need to be disseminated and utilised to improve the performance of some teachers in Cycle Two.
- Students receive high-quality education and excellent support that help them grow and learn. An Action Plan will be drafted based on the review recommendations.
